Summary

Experienced Frontend developer with a demonstrated history of working in the computer software development industry. Skilled in solving problems with HTML5, CSS3, TailwindCSS, Javascript, React, Nextjs, shopify and Web Applications generally.

Focused on being a valuable part of any team, If one portion or any of the other team needs help with a task, I have no issue jumping in to assist on anything required.

Experienced in working with the Agile methodologies scrum team in sprint planning, backlog refinement, and other related scrum events.
